

Dreamkeepers — Fehlende Grafiken & Prompt-Texte

Automatisch erzeugte Liste aller Monster, Bosse und Items, die aktuell noch **keine eigene Grafik** in `Assets.xcassets` haben (App zeigt stattdessen ein SF-Symbol-Icon als Platzhalter). Jeder Eintrag hat einen fertigen Prompt-Text zum direkten Einsatz in einem Bildgenerator (Midjourney, DALL·E, Stable Diffusion, ...).

Dateikonvention beim Einfügen der fertigen Bilder:

- Monster/Boss: PNG in `Assets.xcassets/Monster_<NameOhneLeerzeichen>.imageset/` ablegen (z. B. `Sunpetal Guardian` → `Monster_SunpetalGuardian`).
- Items: es gibt noch **kein** Namens-Lookup-System für Items (Ausrüstung nutzt bisher nur SF-Symbol-Icons). Die Item-Prompts unten sind trotzdem vorbereitet — sobald die Bilder existieren, muss noch ein kleines `ItemArt`-Lookup analog zu `MonsterArt/DreamkeeperArt` gebaut werden, das sagt mir gerne separat Bescheid.

Dreamkeepers (spielbare Kreaturen): alle 30/30 haben bereits Artwork — hier fehlt nichts.

Zusammenfassung: 80 normale Monster ohne Artwork, 10 Bosse ohne Artwork, 24 Items ohne Artwork (0 von 24 haben aktuell überhaupt ein Kunstwerk-System).
